

# CAREERS NETWORKING CAROUSEL

*for year 11-13 students*

Enfield Careers Service invites you to their careers event in celebration of Black History Month.

This is a brilliant opportunity to network with a range of professionals and find out about their career journey.

Students at our previous event found it very useful and some of their feedback are below.

"Thanks for giving me the chance to meet someone with a PHD."

"The event should be opened up to more young people."

"We need more events like these."

"It was very relevant."

"The speakers were very good. Can they come to my school?"

"This is an event that really needs to be repeated annually."
